

A 3-Year Cybersecurity Governance Program

Fractional CISO (fCISO)-delivered Cybersecurity Risk Management Program — designed for businesses with \$2M–\$10M in revenue

✓ Due Care & Due Diligence

Documented evidence that you take security seriously.

✓ Reasonable Security

Controls appropriate to your environment and risk profile.

✓ A Program, Not a Project

Ongoing management — not a report handed over and forgotten.

Tier 3 clients: we work with your department heads to build Cybersecurity Standard Operating Procedures (CSOPs) they own — creating a [Culture of Security](#) that lives in your organization.

THE 90-DAY FOUNDATION PHASE

Every engagement begins with a structured 90-day Foundation Phase. At Day 90 you receive your first Quarterly Business Review — and decide whether to continue.

- ✓ Annual Program Risk Assessment Report
- ✓ Prioritized Risk Register
- ✓ Risk Management Program — foundational sections
- ✓ First Quarterly Business Review

No penalty. No pressure. You keep everything we built.

OUR ENGAGEMENT PROMISE

- ✓ You always have a plan — clear quarterly agenda every time.
- ✓ You always see the results — written QBR report every quarter.
- ✓ Never alone on a questionnaire — forward it to us, we handle it.
- ✓ Your program grows with you — adapts as your business evolves.

Built on NIST 800-53 — mapping cleanly to CIS Controls, PCI-DSS, HIPAA, and NIST 800-171.
